
ENVIRONMENTAL POLICY STATEMENT

WMA Building Services is a leading provider of mechanical, electrical and renewable installation services and is based in Lanarkshire, Scotland. We recognise that our operations and acts have an effect on the local, regional and global environment. As a consequence of this, Management are committed to continually improving our performance in relation to Environmental Impact, Pollution Prevention and Sustainability.

The Company will actively promote the principles of sustainable procurement and development through the following measures:

- Seek to reduce the consumption of raw materials in all operations and endeavour to use recycled material where economically feasible.
- We will endeavour to use safe and sustainable energy products to meet our entire needs and the needs of our customers.
- We will consider the impact of all products and materials at all stages of their life cycle, including design, manufacture/installation, customer use and final disposal. We will adopt a sustainable procurement policy, with the support of our suppliers, to ensure that we meet our targets and goals in this respect, so far as reasonably practicable.
- Co-operate with the appropriate authorities, technical organisations and relevant groups to improve our environmental performance.
- The Organisation maintains that a primary part of its Environmental Strategy is sustainable waste management and as such recognises its responsibility to recycle materials wherever possible and minimise waste and dispose of wastage correctly, so far as reasonable practicable.
- Adopt an environmentally sound transport strategy.
- Undertake practical environmental training, information and instruction, so far as reasonably practicable, for all employees, and encourage good environmental practices at work.
- Review the environmental objectives and targets of the company periodically.
- Review the contents of this policy regularly and amend as necessary.

It is the responsibility of all employees, visitors and contractors to fully support this policy through their participation and co-operation.

This environmental policy will be displayed at our head office and will be distributed to clients, suppliers or any person, group or organisation that requests this.

Gordon McArthur
Managing Director
